Authorization for this examiner's amendment was given in a telephone interview with David E. Dougherty on 7/19/04.

The application has been amended as follows:

Claim 1, lines 15-18, replaced "; as such, assembly is simple and DIY user assembly is facilitated; furthermore, since each steel post can also be disassembled, they can be taken apart to effectively reduce overall shipping dimensions." and replaced with --.--.

2. The following is an examiner's statement of reasons for allowance: the prior art of record neither teaches nor suggests all of the claimed subject matter of claim including the improved lamp post having a connector with a threaded rod, a sleeve coupleing, a prong ring at each end of the threaded rod, and the prong ring having spring elements extending from the circumferential edge.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
